2025 Brick in Architecture Awards Honor Exceptional Design

Winners to be Honored at First Brick Excellence Gala on April 9

RESTON, Va., December 16, 2025 — The Brick Industry Association ([BIA](#)) has awarded 42 winning projects in the [2025 Brick in Architecture Awards](#), the world's leading design competition featuring fired-clay brick.

“The winners demonstrate why brick matters as a sustainable building material offering exceptional durability, fire resistance, energy efficiency and the ability to achieve any aesthetic,” said BIA President and CEO Tricia Mauer.

For the first time in the awards history, the winning projects and teams will be honored live on stage at the first Brick Excellence Gala on April 9, 2026 in Orlando, Florida during the [National Clay Brick Expo](#). Architects, designers and masonry professionals will celebrate outstanding brick design, artistry and craftsmanship during the industry's largest, annual expo.

Generating 120 entries this year, 42 winners judged by a jury of peers span the United States, Belgium, Canada, China, Columbia and South Africa. Winners include Best in Class, Gold, Silver and Bronze with an overall [Craftsmanship Award](#) honoring a mason or team of masons for artful or unique installation.

The 2025 Best in Class winners include:
